ARCHITECT OF YOUR **YOUTH!**

“BEAUTY-BUILDING” – “PUMP UP” EASY MOVEMENTS!

COLLAGEN – is a protein, basis of the connective tissues of the whole vascular system (tendons, bones, cartilages, corium etc.) which makes it strong and elastic. The older we get, the less collagen our body produces. So it should be supplied from outside!

HOW DOES COLLAGEN INFLUENCE THE BODY?

HAIR AND NAILS:
maintains their health

SKIN:
keeps beautiful and young
*(90% of skin problems are
related to collagen loss)*

INTERNALS:
maintains the tissue structure
and internals' functioning

TENDONS AND MUSCLES:
builds up the body, maintains
its vitality and elasticity

JOINTS AND LIGAMENTS:
provides strength
(lack of collagen leads to autolysis)

BONES:
facilitates calcium digestion
*(lack of collagen leads to
increased bone fragility)*

TianDe cherry and pomegranate jelly with collagen contains:

Natural hydrolyzed collagen –

“building blocks” for the whole body. Ordinary collagen is almost non-digestible while hydrolyzed one is “decomposed” into segments and has a very high level of accessibility - more than 80%!

pomegranate and cherry juices –

they help to boost immune system, are very beneficial for the cardiovascular system, joints and muscles;

Vitamin C in pomegranate

and cherry juice is a “proxy” which provides collagen production and makes it’s digestion as efficient as possible;

pectin – “body clean-up agent”, stabilizes metabolism, cleans the body.

PERFECT

FOR DAMAGED, BRITTLE
AND FRAYED HAIR

THE OUTERMOST LAYER OF HAIR – CUTICLE – CONSISTS OF KERATIN FLAKES HELD TOGETHER BY LIPIDS. THEY COMBINE INTO THE HAIR PROTECTION SYSTEM. AT THE COURSE OF HAIR GROWTH THE LIPID LAYER OF CUTICLE DETERIORATES. SNAKE LIPIDS ARE CAPABLE OF RESTORING AND REPLACING THE NATURAL PROTECTIVE LAYER OF HAIR

HAIR SHAFT STARTS LOSING MOISTURE, BECOMES BRITTLE AND BEGINS TO ACCUMULATE ELECTROSTATIC CHARGE

HAIR BECOMES DULL AND ENTANGLED, IT BREAKS AND FAILS TO SET PROPERLY

THE PROTECTIVE LAYER IS DAMAGED,
THIS INCREASES THE EVAPORATION
OF WATER LEAVING HAIR DRY.

STRENGTH AND POWER OF THE ALTAI IN CHARMS BY TIANDE

ARE CREATED IN THE ALTAI – the unique region, the place of power, where men can find harmony with nature and themselves.

THEY ARE MADE FROM PRECIOUS SIBERIAN CEDAR – the symbol of longevity, prosperity and power.

THEY HAVE UNREPEATABLE FRAGRANCE: you only have to hold the talisman in your hands for several seconds – and it will demonstrate its noble aroma, capable to relieve tiredness and make you feel calm.

THEY ARE HANDMADE. you will never see two identical charms: each of them is cut by the master by hand, observing the old customs of the trade. the mountain cedar's split, its texture and colour are unrepeatable.

According to legend, the love charm helps to keep trust, understanding and tenderness in relations. it will help in overcoming all troubles and will protect the family from misfortunes.

This was the great love of poor shepherd Biy and Khan's daughter Katun. Cruel Khan wanted to separate the lovers but they ran away in order to save their feelings. The Khan was enraged and sent his servants to bring his daughter back. But Katun and Biy quickly went across all mountains and when they saw a valley, they turned into rives and embraced each other tightly. And then the lovers flowed as one river – the Ob River.
